★★★★★ Great wine!! So cool to find out only three people make it all happen. Very friendly and informative. Also, the mango balsamic is delicious!

★★★★★ Extremely friendly and warm welcome in an intimate tasting room. Peter and/or Betsy will host you. David is also a superb host. The wines are small lot and the Spanns are very proud of their creations. You will feel at home sitting in their comfortable tasting room or sitting at the outdoor picnic table. A true Sonoma experience even though you are not sitting in a vineyard.

★★★★★ Best Experience of the entire weekend, was our impromptu stop at Spann. We weren't schedule to stop with our Platypus Tour but we ran over at another winery and the Spann's vineyards accommodated our group since we had to cancel the other. Betsy herself showed up after working all day in the vineyards and welcomed us with open arms to walk us through her varietals. No one showed the love, passion and hard work required to make a vineyard run better than Betsy herself. We fell in love with the story and the Cabernet. We bought the last two 2012's and 13's. So happy this stop Happened. Thanks so much Betsy.

★★★★★ The wines are excellent plus the bonus of meeting the winemaker made our experience. Peter Spann introduced each wine and varietal, it is what wine tasting is supposed to be!
